Both Jenifer and Rebekah have resigned their positions as Extension Agents at Hamilton County. Both ladies are perusing other career opportunities in Nevada. We would like to thank them for all their work here and wish them well on their new endeavors!

The Extension Board of Directors has hired a familiar face. Lora Horton will be running the office until new agents can be found. She will be taking care of all 4-H and fair related activities. Please don't hesitate to call the office if you need assistance.

The Board has also decided to hire two new agents. The positions they are advertising for are: Community Vitality Agent and a FACS agent. If you know anyone who would be interested in applying for these positions, please contact the office. College Degrees are required.

Important 4-H Information in this Newsletter

Included in this newsletter is all animal weigh in information, adult and Jr. project leaders list, and project enrollment by person. Please review all that information carefully and call the office 384-5225 with any changes that need to be made.

ALL LEADERS please check your volunteer status on the project leader sheet included in this newsletter. Kansas 4-H has put a policy in place to ensure the safety of our children that all leaders need to be approved through the Volunteer Screening process before working with 4-H youth.

Hamilton County Fair Information

Reminder that all 4-Hers are required to help with set-up *and* clean up at the fair in order for them to receive their premium and sale money. Set up is Thursday, July 20th starting at 7:00 pm and clean up is Sunday, July 30th at 2:00. If you know you have a conflict with either of those times, please contact Babette Lewis at the Fair Office at 384-5433 to make other arrangements.

We will be having a revamped super-intendent training session this year on Wednesday, July 19th at 6:30. There will be actual hands-on training for all superintendents.

If you have not checked out the fair schedule for this year, please follow the link

Youth PQA Information for Swine Project

All 4-H youth enrolled in the swine project are strongly encouraged to go through the Pork Quality Assurance (PQA) training. All exhibitors who state nominate swine projects MUST have a Youth PQA+ certification number at the time of nomination, or by June 15th.

There is a field for this information on the swine nomination form, under the contact information. Any nominations received without the appropriate Youth PQA+ number will be considered incomplete. Kansas youth may obtain their certification by doing the online PQA certification.

Contact the Extension office for more information or click [here](#) to register for on-line certification.
